

PROSPECTUS ①

LEADERSHIP SEMINAR FOR STUDENTS OF THE DOMINICAN REPUBLIC**SECTION I -REQUEST**

The United States National Student Association respectfully requests a grant in the amount of One Thousand and Eight Dollars and Eighty Cents (\$1,008.80) for the support of a Leadership Seminar for Student Leaders of the Dominican Republic.

SECTION II -PURPOSE

During the period of the Trujillo government, democratic student forces in the Dominican Republic found it impossible to function due to government suppression. With the fall of Trujillo, these groups found themselves in a position to operate openly and to exercise the necessary functions of student leadership.

It is unfortunate that due to the long period of suppression, the experience of student leaders is severely limited. Recognizing this, the United States National Student Association undertook negotiations with student leaders of Venezuela, and a seminar has been arranged which will provide necessary leadership training to a group of four student leaders of the Dominican Republic.

It is hoped that the seminar will provide the students with sophistication at both the theoretical and technical planes which will be applied to student programs within the Dominican Republic. We believe that the experience resulting from the seminar will have immediate effects upon the quantity and quality of student programs. It should also prepare the students for their dealings internationally with other student organizations.

SECTION III -PERIOD

The Program will begin with attendance at the World Christian Democratic Youth Congress which begins in Caracas on May 7, 1962 and will end on May 25, 1962.

TAX EXEMPT STATUS

The United States National Student Association is recognized as a tax-exempt, educational organization as defined by the Internal Revenue Code.
